8. Comments from Members of the Public:

Brandy Mullet- 522 Hamilton Ave- comments about the recycle dumpster by the pool. Notes it is full all the time, a nuisance and suggests doing away with it or moving it to a different location. Lindsey asks if it can be dumped more often. Bridge will talk to Mr. Kitko. Rodewald notes the contract with WM, the driver doesn't get out of the truck to pick up large boxes. Suggests looking into this when the contract is due. Brandy notes Mr. Kitko sends a city employee to clean it up when it overflows. Bahun asks how often it gets picked up- weekly.

Matt Mills- 285 Zeller Dr.- does not live in the City limits and the actions of Council will affect his family. Notes he is for expansion and growth in certain circumstances. He is concerned the growth and possible proposed housing developments will be detrimental to the school district. 500 potential homes, adding more students. He notes again he is for the growth, but the community should not be negatively impacted and the developer should pay their fair share.

Tonya Wells- 5330 Eastland Dr.- She notes that Bethel Township Miami County is not happy with this plan. She notes the school problem is huge and Bethel cannot take care of more kids. She asks if Tecumseh can take them. She asks about the Twin Creeks development and selling the homes because they want to be here. She asks if they want a development that may not be complete. Ms. Wells notes the water issue is another question. There is ponding everywhere and the current setup doesn't work. She comments on the price of the homes and other

aspects to look into such as who will police it, EPA concerns. She ends with stating this development will be a detriment to the neighbors.

Virginia Keefer- 5830 Scarff Rd.- Ms. Keefer notes it is a terrible idea to have a development that dense in that area is insane with a huge impact on the community. She is concerned with the growth and asks if the city is prepared for more development such as groceries, restaurants, addressing the infrastructure issues. She notes she would like to see the city grow in all aspects. She notes embracing all this development and staying "status quo" will not work.

Conner Budurka- Langdale- Asks if any developer/builder has been picked for the potential developments. Asks if there is a way to become a preferred contractor for the CHIPP grants.

Ryan Lawstetter- 7950 E. New Carlisle Rd.- Asks with the development where all the kids will go to school. RD1 development will attend Bethel. He asks the Council to think more than just about the dollar bill. He explains the schooling situation and notes kids are attending class in a trailer. He asks the Council to put themselves in the position of these kids.

Tom Keefer- 5830 Scarff Rd.- Notes the township has been dealing with this on the South end. Huber Heights has added multiple homes. He asks about traffic and the plan is dense, way overdone and not well thought out.

Jeff Mulford- 6507 Walnut- asks about the vacant house #, and says 214. Bridge notes that is incorrect and reminds him that the 45344 zip code encompasses a larger area than just the city limits. The actual # is 33. Asks if the city is prepared for the growth and increase. He is connected with Silver Lake and asks the Council to look at the map. Where the houses will stop, they will be on the edge of the hillside, he's very concerned with the water runoff. He asks for an environmental impact study. Bridge notes phase 1 passed and did not trigger a phase 2. He asks for a copy. Bridge suggests reaching out to the developer. James Coburn- 8110 E. New Carlisle Rd- asks if rezoning will happen before or after annexation. Bridge notes we do not know the answer. RD1-DDC Management RD-2-Structure Point, unsure of RD3.

Pat Busky- Heilman Dr.-asks "it is a go", what does that mean? Both parties are moving forward in the process, Bridge notes. Is there anything that has to go before the people to vote? He asks the Council to listen and pay attention to what others are saying. He comments that the developments at Carriage Hills are very dense.

Anita Bailey- 504 Fenview Dr.- Concerned about the special services for the development, concerned about the development size, amount of homes. She is in favor of growth and development and states we do not have enough going on to support these things. She is also concerned for the Bethel schools, adding 275 homes would be a disaster to Bethel.

Terri Hoffman- 316 S. Scott St- notes a big speeding problem. The streets are not broken up by stop signs. She has heard Council members state they don't want to be a speed trap. She notes what North Hampton does must work. Matt Mills- How can the people stop it? Get to the County first. After Council votes (say yes) a normal Ordinance takes 15 days before it goes into effect. He makes a final point to make the developer pay their fair share.

10. RESOLUTIONS:

A. Resolution 2022-05R (Introduced on 02/22/2022. 12. OTHER BUSINESS:

1.Additional City Business- open discussion

Lowrey adds he would love to see alcohol sales come to town. What needs to happen is the business owner must get signatures, then it would go to the voters. It is not up to Council. Up to the voters. People can reach out to the BBB of Clark County for help.

Grimm asks about an email from Mike George- noise level complaint, noted Clerk should have copies of code. Grimm notes numerous residences have complained. Main St. will be loud. Asks if LE has a noise test meter, they do. Noise complaints do not happen often. Copies of all legislation can be found at the City building from 7am-4pm Monday-Friday.

February 24, 2022

Mr. Mike Lowrey, Council President and Honorable New Carlisle City Council members City of New Carlisle 331 S. Church St./P.O. Box 419 New Carlisle, OH 45344

Re: Inflation Cost Recovery Related to Trash and Recycling Collection Operations

Dear President Lowrey and City Council members:

Waste Management of Indiana, LLC ("WM") is proud to be your community's service provider and grateful for your business. WM is also proud of the essential work our frontline collection, recycling, and disposal crews performed throughout the COVID-19 pandemic and continue to provide your community despite lingering and difficult disruptions.

Throughout 2021, the U.S. economy has been experiencing the unexpected adverse impacts of inflation caused in large part by an economy re-emerging from COVID-19 but hampered by labor and supply chain constraints. Not since the years immediately following WWII or the late-1970s has the U.S. experienced inflationary price increases at these levels. For WM, disruptions in the supply chain for critical materials and equipment, labor shortages, and significant increases in fuel costs have substantially increased WM's cost to provide services to your community. As just one example, the price of the tires WM needs for solid waste and recycling vehicles has increased more than 44% over the past 12 months. Additionally, front line labor costs have gone up 33% from 2020, which represent a substantial portion of WM's overall operating costs. Many economists are projecting continued labor shortages and upward pressure on labor and critical material costs.

Given that WM conducted our cost analysis for your current pricing back in August of 2020, the rate adjustment in our contract, a fixed 5%, did not account for inflation at the levels we are currently experiencing and is not enough to keep pace with the inflationary pressures WM has absorbed over the past year. Most reflective of our industry is the Producer Price Index for General Freight Trucking, Local which has increased 15.8% in the last twelve months. Because the PPI measures inflation from the perspective of costs to industry, measuring price changes before they reach consumers, it is a leading indicator of the increased costs WM is experiencing to deliver services. Even CPI, the lagging indicator, is up 7% year over year.

Our current contract with the City allows for Extraordinary Adjustments, stating, "In addition to the Annual Price Adjustment provided by Section 4(c), the Rates may, upon written request of WM, be further adjusted to fully capture increased expenses and lost revenue associated with performance of the Collection Services hereunder due as follows:

i. WM shall request the Rate adjustment in writing at least sixty (60) days in advance of said proposed Rate adjustment and shall state in said request the reasons for the Rate adjustment.

City of New Carlisle 2/24/2022 Page 2

- ii. City Council for the City shall hold a public hearing on said request, allowing WM the opportunity to explain why the Rate adjustment is necessary, and allowing the residents of City and any Customer the opportunity to be heard regarding the proposed Rate adjustment.
- iii. If, after the public hearing, City Council for the City determines that the Rate adjustment is justified, the Rate adjustment will be permitted; otherwise the Rate adjustment will not be granted.

Due to the unprecedented increase in PPI, which the parties could not anticipate at the time the contract was executed, WM respectfully requests the immediate relief of an extraordinary increase of 5%. This is based on the 15.8 % PPI increase minus the fixed 5% increase in our contract and with the remaining 10% of increased costs shared equally between the community and WM. This would equate to \$0.93 per residential customer per month for standard cart service and \$0.77 per month for low volume cart service - effective June 1, 2022 - to allow WM's compensation to better keep pace with WM's operating costs to provide critical services in your community. The requested 5% increase would not apply to those residents enrolled in the Senior Rate program.

WM is as committed as ever to provide best-in-class service to our customers and the communities we call home. We appreciate your partnership as we address these unusual market conditions.

Sincerely,

Melinda Antell

INFLATION INDICATORS

- Inflation fell slightly in the beginning of the pandemic but then rebounded and rose quickly in the United States as well as in many other countries.
- Widespread shortages early in the pandemic affected nearly all categories of consumer goods.
- A hot housing market, component shortages and supply chain disruptions are some of the reasons inflation is likely to stay elevated.
- Prices of new cars, trucks, appliances and computers continued their upward march because of a shortage of needed semiconductors.
- Rising wages for workers amid a labor shortage are likely behind the steady increase in restaurant menu prices.
- Shipping capacity constraints will also find their way into price increases as businesses pass on cost increases to consumers.

2021 Inflation at a 40-Year High

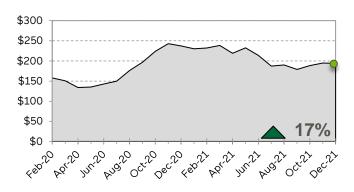

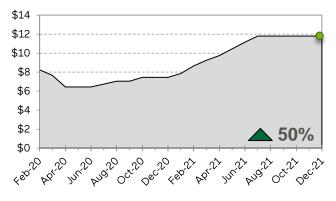

KEY INDUSTRY INFLATION IMPACTS - MAINTENANCE

	Category	Main Commodity	Market Influencers and Impact
X	Maintenance	Mixed basket of commodities	 Maintenance - 29% - collection parts, labor, tires, lubricants, carts, containers and compactors, container maintenance parts, collection vehicles
0	Tires – New & Retread	Natural / Synthetic Rubber, Carbon Black	 Natural rubber peaked at a 44% increase for new tires over 2020 costs Major OEM tire producer price increases trail six months. Commodity prices peaked in April 2021 and those increases are just now being realized
•	Lubricants	Group 2 & 2+ Base Oils, Additives	 Base oils for lubricants have increased 50% in 2021 compared to 2020 Prices for several base oil grades touch record highs Transportation costs continue to rise affecting landed cost

Natural Rubber

Group II and II+ Base Oil

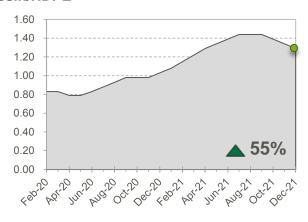

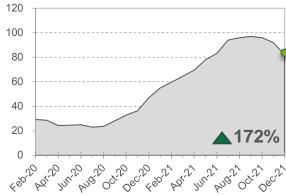

KEY INDUSTRY INFLATION IMPACTS - MAINTENANCE

Ca	ategory	Main Commodity	Market Influencers and Impact
	Carts	HDPE	 Cart unit costs have increased over 50% compared to 2020 Shortage of resin due to natural disasters Most major commodity producers operating under force majeure clause since Texas freeze
	Containers & Compactors	Hot Rolled Steel	 Hot rolled steel/coil prices have increased over 200% reaching historic all-time highs Steel import tariffs still in place Steel manufacturers continue to throttle production while container suppliers seeing labor shortages Existing container maintenance costs are increasing with steel prices
	Collection Vehicles	Hot Rolled Steel	 Following Covid-19 pandemic-related shutdowns last year, steel demand has rebounded faster than mill output. This has led to tight supply and higher prices causing record-breaking highs Labor shortages shut down major supplier leading to low inventories and reduced built slots On top of steel prices and shutdowns, global semiconductor shortage impacting all vehicle production
	Collection Parts	Steel, Plastic	 Labor and raw material shortages continue to strain industry Transportation costs continue to rise affecting landed cost

Resin/HDPE*

Hot-Rolled Coil Steel

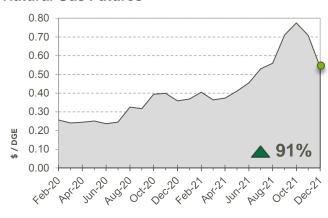

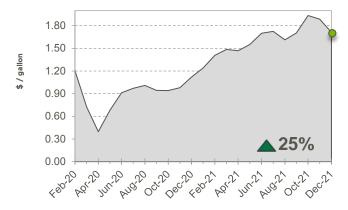

KEY INDUSTRY INFLATION IMPACTS - FUEL

C	ategory	Main Commodity	Market Influencers and Impact
ě	CNG	Natural Gas	 Inflation drivers include: 1) increase in LNG exports 2) higher demand outside the power sector Natural gas prices have been racing higher and are now 99% higher year-to-date, on combination of supply concerns and rising demand Natural gas is expected to keep rising, and if there is an especially cold winter, analysts see the potential for another doubling of price
	Diesel Fuel	Oil	 Demand is up, supply is flat, and inventories are down. This is exacerbated by falling refinery capacity and weather-related disruptions WTI is forecast to average \$68.48/b in 2021 and \$68.24/b in 2022 OPEC is gradually increasing oil production after limiting it due to a decreased demand for oil during the pandemic. Some capacity being converted to Renewable Diesel
	Transport & Logistics	CPI / Fuel	 National driver shortage continues to put pressure on labor and driving increase in rates Increase in fuel costs drive transportation rates. Industry general guidelines indicate fuel makes up 5% of hauler cost Port congestion, spot market rates, and equipment shortages also impacting costs

Natural Gas Futures

Crude Oil (WTI) Futures

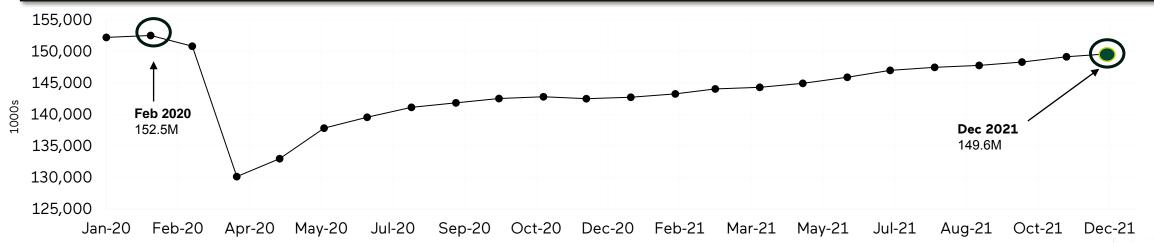

KEY INDUSTRY INFLATION IMPACTS – LABOR

	Category	Main Commodity	Market Influencers and Impact
### ##### #######	CDL Drivers / Labor	Wages	 Labor shortages and turnover driving increase in wages For December 2021, the U.S. unemployment rate was 3.9%. However, going into the pandemic, unemployment was in the mid 3% range Front line labor costs have almost doubled since 2020 Federal stimulus and unemployment subsidies have couched certain workers given government
			 CDL federal drug database removed over 40,000 drivers from US roadways In general, labor makes up 35% of collection costs.

Total US Employment

Cumulative nonfarm payroll. The US economy is 2.9 million jobs, or 1.7% below February 2020 (pre pandemic) levels

MACRO LABOR TRENDS

- The industry has seen a 40% drop in CDL training due to CDL school closures.
- ▶ 20% of truck schools are still closed, while those open graduate fewer students due to social distancing.

- ▶ 40,000 Drivers were removed (~1% of driving force) from January – September 2020 due to failed drug test results, most of which were from marijuana use.
- Reduced commercial Driver training and licensing due to the pandemic and the Drug & Alcohol Clearinghouse have resulted in nearly 200,000 fewer drivers as we enter 2021. (U.S. Xpress).

- ATA has reported that the trucking industry will need to hire roughly 1.1M new Drivers over the next decade (110K annually).
- Demand for drivers has tripled due to changes in the economy caused by the pandemic such as increases in online shopping (Amazon, FedEx, UPS, etc., local or last mile delivery do not require a CDL).

- In June, national average hourly earnings rose 3.6% year-over-year.
- The industry has seen across the board increases on cost from the Driver shortage: from increased cost to hire (higher wages, signing bonus), to increased wages to retain, to increased cost of turnover as more experienced drivers leave the workforce.

The number of jobs available does not match:

▶ What they are:

The types of job that are available (transportation, restaurant, hospitality, services, etc.) do not match that types of jobs workers are seeking.

▶ Where they are:

Many moved during COVID.
The location of talent is not aligned to job openings.
Remote work is becoming more desirable.

CDL AVAILABILITY - EXTERNAL CONTRIBUTING FACTORS

Over 70,000 more job openings than CDL Drivers in the U.S. – 80,000 fewer Drivers than a year ago

CDL SCHOOLS/ SUPPLY

The industry has seen a **40% drop** in **CDL training** due to CDL school closures.

20% of truck schools are still closed, while those open graduate fewer students due to social distancing.

The Commercial Vehicle Training Association (CVTA) shares the closure of these agencies and leaves many future drivers (up to 40,000) unable to obtain commercial learners permits and CDLs.

Employers apprentice programs are creating training opportunities for internal and external talent.

DEMAND

Demand for Drivers has tripled due to drastic changes in the economy caused by the pandemic such as increases in online shopping.

Drivers for Amazon, FedEx, and UPS, local or last mile delivery **do not require** a CDL.

This is reducing the number of CDL applications in every State, as workers who would typically get a CDL, are not.

Many recruiting agencies will not support Driver roles given the shortage in the labor market.

UNEMPLOYMENT

Federal unemployment subsidies (up to \$400/wk) added to State unemployment insurance **exceeds Drivers' pay** in some locations.

Federal stimulus increased unemployment benefits which has "couched" many drivers who discovered they could earn more by staying home rather than being on the road. (Bureau of Labor Statistics).

DRUG SCREEN

40,000 drivers were removed (~1% of driving force) from January – September 2020 due to **failed drug test results**, most of which were from marijuana use.

Recreational Marijuana is legal in 14 States and 4 territories in the US and Canada.

Reduced commercial driver training and licensing due to the pandemic and the Drug & Alcohol Clearinghouse have resulted in **nearly 200,000 fewer drivers** as we enter 2021. (U.S. Xpress)

WM's LABOR SHORTAGE MITIGATION EFFORTS

Truck driver shortages: Driver requirements have become more stringent, and the driver workforce is aging, attracting fewer younger drivers. There is extreme competition in industry.

SOLUTIONS: Waste Management focused on five main levers

- **Improve Compensation** Increase pay; offer sign-on and retention bonuses; employee referral bonuses and referral retention bonuses. Introduced free education for all employees
- **Streamline area hiring processes** Identify dedicated interviewers and Area Hiring Teams; provide candidates immediate feedback
- **Source candidates faster** Leverage a centralized advertising strategy; build targeted campaigns; hosted in-person hiring events with proper safety protocols
- Re-open the Arizona and FL Training Centers Train new drivers in person with the proper safety protocols
- **Improve On the Job Training** Increase connection and retention of new drivers to increase retention rate

WASTE INDUSTRY INDICES

- The current 12-month inflation rate is 7.0%.
 This is the highest rate of inflation since 1990
- Higher inflation could get the Federal Reserve to start raising short-term interest rates in late 2022, instead of waiting to 2023, as originally planned
- All but one of the Fed decision makers have rates going higher in 2023. So late 2022 or early 2023 appears to be when the Fed expects to start raising rates if current trends continue
- The lagging indices used to adjust rates annually do not reflect the significant cost impacts that we are experiencing and have been experiencing throughout 2021

12-Month Rolling Average (US CPIs)

INFLATION SUMMARY

PPI: General Freight Trucking, Local

General Freight Trucking is an index that reflects the changes in WM's industry. The index is up almost 16% since January of 2020. Along with both PPI and CPI, the General Freight Trucking index is at an unprecedented high level.

PPI: Producer Price Index

U.S. producer prices increased solidly in October, driven by surging costs for fuel and motor vehicle production, suggesting that high inflation could persist for a while amid tight global supply chains related to the pandemic.

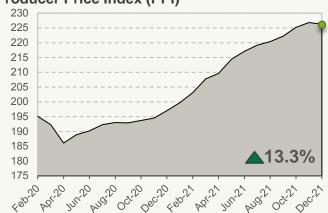

CPI: Consumer Price Index

The annual inflation rate in the US surged to 7.0% in December of 2021, the highest since 1981. Upward pressure was broadbased, with energy costs recording the biggest gain, namely fuel.

ADDRESSING INFLATION

With new challenges facing us every day, WM is as committed as ever to providing industry-best service to our customers and the communities we call home. WM shares in the desire to secure the best environmental services at the best price and preserve that outstanding service over the length of an extended partnership.

We look forward to addressing these unusual market conditions together.

Date: March 21, 2022 Subject: Council Update

Public Works Departments:

- Please call in Potholes to the Street Dept. at 937-845-3058. We will be utilizing cold patch until the spring for potholes.
- Will be performing some winter tree removal work
- Meeting with contractors for the Spring street-sweeping right after dura-patching

Water Department:

- Sanitary Survey: Updating the number of private well locations to complete our backflow program.
- Performed an annual leak detection and found several water leaks and main breaks that need to be addressed. The water crew have repaired 11 leaks/main breaks so far.
- Adam's Street Tower demo is 99% completed. All concrete structures have been removed. Rough
 grade has been set. The city crews will be in soon to topsoil, seed, and straw once all settling has
 occurred.
- We have submitted a water infrastructure grant in the amount of \$2.5 million to replace lead service lines, water main, and mainline water valves that are 85 years old, in the old section of town. Application is still under review.

Sewer Department:

- Engineering agreement has been executed to start the engineering and bidding process for secondary clarifier #1. The new secondary clarifier #2 is currently being manufactured. American Rescue Plan Funds and minimal local Wastewater funds. Estimated \$295,000 ARP Federal and \$10.000 local.
- OPWC grant to pay 50% of the cost of the Primary #2 Clarifier was approved, with matching funds from American Rescue Plan. OPWC Funds \$98,500 & 98,500 ARP Federal Funds.

2022 Road Reconstruction/Resurfacing Projects:

- Clark County Resurface Project: Preparing for 2022 list of roads to resurface.
- Burgess and Niple have been tasked to evaluate the curbs and ADA ramps on St. Rte. 235. Project funded by Springfield/Clark County TCC. Meeting onsite to occur 3/22/2022. Results are scheduled to be back to the city, in order to perform the work this summer, prior to resurfacing in 2023.

GIS Mapping of City Infrastructure:

• We have begun the task of mapping our utilities utilizing the newly purchased pipe-locator/GPS point data collection device. Verbal description to be given at the council meeting.

PLEA TYPES AND CONSEQUENCES

- A. <u>GUILTY PLEA</u> In this case, you admit to the violation as charged. The Magistrate usually inquires into the circumstances of the events and provides an opportunity for you to make a statement or ask questions. The Magistrate then decides the sentence.
- B. NOT GUILTY PLEA This plea type claims that you did not violate the law as charged or that there is something incorrect about the charge. The Magistrate then sets a date for trial. First the complaining witness presents his evidence. You have the right to cross-examine any witness who testifies against you. After the presentation all of the evidence against you, and any cross-examination, you may ask the Magistrate to dismiss the case if you think the charge has not been proved beyond reasonable doubt. If the case is not dismissed, you may then present your case. You may use the court facilities to require any witness to be present on your behalf. You may, but cannot be forced, to give testimony yourself. If you do, you may be cross-examined. At the closing of the arguments, a finding or sentence is made. If you are found guilty, implications and remaining procedures are the same as in the case of a guilty plea.
- C. NO CONTEST In this case you make no admission to guilt but also no claim of innocence. You may make a statement, but not present any evidence. If you are found guilty, no legal inference may be drawn from that finding in any subsequent action based on the same incident. With this exception, the implication and remaining procedures are the same as a guilty plea.

Chio DC ROTH CONTRIBUTIONS

Roth Option for 457(b): POTENTIAL TAX-FREE RETIREMENT INCOME

Ohio457.org 877-644-6457

You've probably heard of a Roth IRA — an investment vehicle that lets you make contributions that are not tax deductible but provide tax-free distributions in retirement after certain conditions are met. Did you know there's also a Roth option for 457(b) deferred compensation plans?

Deciding whether to make Roth contributions will depend on your individual financial circumstances, such as your current income and anticipated income in retirement, and current and future tax rates. Unlike Roth IRAs, there are no income limits for Roth 457(b) options. Contribution limits are also higher for Roth 457(b) options compared with Roth IRAs. You can visit our online tool for more information, but you should also consult with a tax advisor to assist you in making a decision.

DOES MY EMPLOYER ALLOW ROTH CONTRIBUTIONS?

Your employer must choose to offer the Roth 457 option for it to be available to you. Contact us if you have questions, or check with your employer to determine whether they offer the Roth option.

WHAT ARE ROTH CONTRIBUTIONS?

Roth contributions are deducted from your pay on an after-tax basis, unlike pre-tax contributions that reduce your gross taxable income. Roth contributions grow tax deferred, and when a withdrawal is qualified, it is not subject to federal or state income taxes. The availability of tax-free withdrawals is what makes the Roth option attractive.

WHAT IS A QUALIFIED WITHDRAWAL?

Withdrawals of Roth contributions and pre-tax contributions require a separation from employment (termination of employment), unless you qualify for an unforeseeable emergency withdrawal. Unforeseeable emergency (UE) withdrawals are permitted from Roth accounts, but net earnings are subject to taxation and withholding if nonqualified.

If a Roth withdrawal is available, it must meet two requirements to be considered qualified. The first is that the withdrawal must be made after age 59½ or because of death or disability. The second is that the initial Roth contribution must have been made to the Plan at least five tax years before the withdrawal. The Roth period starts at the beginning of the year in which the first Roth contribution is made and is met on the fifth anniversary of that date. For example, for a participant who made his first Roth contribution on July 25, 2015, his first Roth tax year would have started on January 1, 2015, and the five-year requirement would have been met on January 1, 2020.

If the Roth withdrawal meets the two requirements above, it is a qualified withdrawal, and the entire withdrawal amount is tax free. If the Roth withdrawal does not meet both requirements, it is nonqualified, and the portion attributed to the Roth contributions is not subject to income tax, because it was already taxed when it was made. The growth (net earnings) portion of the withdrawal would be taxable. For example, if 25% of the Roth account

value was due to growth, 25% of any withdrawal would be considered taxable.

Roth accounts are subject to the same required minimum distribution rules as pre-tax accounts.

HOW DO ROTH CONTRIBUTIONS AND PRE-TAX DEFERRALS COMPARE?

Paying taxes on your retirement savings is inevitable. With a Roth account, you pay taxes on your contributions now, but your qualified withdrawals are tax free. Pre-tax deferred compensation contributions reduce your current tax bill, but those withdrawals are taxed when received.

The primary advantage of Roth contributions is the potentially tax-free withdrawals, because pensions, Social Security benefits and other types of income are likely to be subject to taxation.

Income tax credits and deductions, as well as some governmental benefits, may be reduced if taxable income is high. Having sources to draw upon that are not subject to income tax could be very helpful.

The primary disadvantage of Roth contributions is that they don't reduce current income taxes. There are very few tax deductions available to most taxpayers, and many deductions, credits and exemptions may be reduced based on the level of taxable income. For some participants, current income-tax savings is an important part of making contributions affordable. Although pre-tax contributions will result in taxable withdrawals in the future, planning can limit the impact of those taxes, and withdrawals are not required until you reach age 72, allowing for extended tax deferral. Lowering your taxes when you are subject to higher rates, such as in your working years, and paying taxes at lower rates, typically during retirement, is usually considered good tax planning.

HOW ARE ROTH CONTRIBUTIONS SHOWN IN MY ACCOUNT?

Roth contributions are held in a separate account from pre-tax deferrals, as required by law. Although separately recorded, they will be included in your quarterly statements and in all summaries and totals. There are no additional administrative fees related to the creation of a Roth account.

	Traditional 457	Roth 457
Taxation	Before tax; reduces current income tax; taxes are deferred until distribution	After tax; pay current income tax now; qualified distributions are free from federal and state tax!
2021 Annual Contribution Limits	\$19,500 (Includes both traditional and Roth contributions)	\$19,500 (Includes both traditional and Roth contributions)
2021 Annual Age 50-Plus Limit	\$26,000 (Includes both traditional and Roth contributions)	\$26,000 (Includes both traditional and Roth contributions)
Catch-up Annual Limit	\$39,000 (Includes both traditional and Roth contributions)	\$39,000 (Includes both traditional and Roth contributions)
Income Limits	None	None
Employer Match	May be provided	Employers can match a Roth contribution, but any employer contributions, such as the match or a profit-sharing contribution, must be treated as a pre-tax contribution and allocated to a pre-tax account.
Rollover	May be rolled over into another pre-tax plan or into a traditional pre-tax IRA	May be rolled over to another Roth plan or Roth IRA
Required Minimum Distributions	Required (if terminated) The IRS requires terminated participants to begin withdrawals known as Required Minimum Distributions (RMDs) at age 72.2	Required (if terminated) However, before minimum distributions begin, the participant can roll over the entire balance into a Roth IRA, which does not require minimum distributions. The Roth IRA account holder can forgo taking distributions, allowing the Roth IRA to continue to accumulate tax free and ultimately be passed on to heirs free from federal and state taxes.

HOW MUCH CAN I CONTRIBUTE?

Roth contributions, combined with pre-tax contributions, can be made up to the IRS annual limits. Participants choose how to allocate their contributions in dollars between pre-tax and Roth (after tax). For example, a participant could split a \$500 total biweekly contribution by putting \$300 in pre-tax and designating \$200 as Roth. Participants can change how they split their contributions at any time, but once a contribution is made, it cannot be reclassified.

HOW ARE MY ROTH CONTRIBUTIONS INVESTED?

Participants will provide allocation directions from the available investment options for their Roth contributions upon enrollment. Allocation directions can be changed anytime and do not have to be the same as any pre-tax accounts.

WHO IS THE BENEFICIARY OF MY ROTH ACCOUNT?

Participants may choose an individual(s), their estate, a trust, or a charitable organization as a beneficiary for the Roth account. To select, change or update your beneficiaries, log in to your account online or download the beneficiary form. A participant's age, death or disability is used to determine qualified status for a distribution to an alternate payee or beneficiary. If a distribution is rolled over, the alternate payee or beneficiary's age, death or disability is used. Beneficiaries retain the same income tax treatment as if the participant had received the withdrawal. The five-year holding requirement applies for a withdrawal to be considered qualified even in the case of death.

ARE IN-PLAN CONVERSIONS PERMITTED FOR PRE-TAX ACCOUNTS/DEFERRALS?

No. In-plan conversions are not permitted at this time.

ARE ROTH IRA ROLLOVERS TO OHIO DC PERMISSIBLE?

Federal regulations do not allow rollovers of Roth IRA funds to a Roth 457 deferred compensation plan.

ARE ROTH 457(b), 401(k), 403(b) AND 401(a) ROLLOVERS TO OHIO DC PERMISSIBLE?

No, not currently.

HOW DO I ENROLL IN A ROTH 457?

Once you've determined whether your employer offers the Roth 457, you will need to enroll in a Roth 457 account. You can enroll in a Roth account online, in person or by requesting paperwork at **877-644-6457**. Existing participants will need to log in online and add an account to enroll in a Roth 457.

¹ Earnings from a Roth are not taxable if the distribution is made after five consecutive tax years since the first Roth contribution was made AND the distribution is made after age 59½ or because of death or disability. Investing involves market risk, including possible loss of principal.

² The SECURE Act increased the initial Required Minimum Distribution (RMD) age to 72 from 70½ for participants who turn 70½ after December 31, 2019 (participants born after June 30, 1949). Those who were born on or before June 30, 1949, will continue to receive annual RMD payments. Nationwide representatives cannot offer investment, tax or legal advice.

AGREEMENT FOR THE PROVISION OF FIRE PROTECTION AND EMERGENCY MEDICAL SERVICES WITHIN ELIZABETH TOWNSHIP

7	This Agreement	is made	by and	between	the City of	of New	Carlisle,	Ohio	(herein	afte
referred	to as The City)	and the	Board of	f Trustees	of Elizabe	eth Tow	nship, Mi	iami C	ounty,	Ohic
(hereina	fter referred to a	as The To	wnship)	on this	day o	f		, 2	2022.	

WITNESSETH

WHEREAS, it is the desire and intent of the Township to provide fire protection and emergency medical services to the property and residents of Elizabeth Township, Miami County, Ohio; and

WHEREAS, it is the intent of the City to contract with the Township for the provision of such fire protections and emergency medical services in accordance with the terms and provisions hereinafter set forth.

NOW, THEREFORE, pursuant to the provisions of Ohio Revised Code Sections 9.60, 505.37 and 505.44, the parties agree as follows:

1. THE TOWNSHIP

- A. The Township shall provide a centrally located, suitably furnished and sufficiently commodious facility to house equipment and personnel.
- B. The Township shall maintain appropriate equipment for the provision of fire protection to persons and property within the Township.
- C. The Township shall maintain appropriate equipment for the provision of emergency medical services to persons and property within the Township.
- D. The Township assumes the responsibility for maintenance of Elizabeth Medic 45, Elizabeth Engine 45, and their equipment and accessories.
- E. The Township shall maintain adequate collision and comprehensive insurance on Elizabeth Medic 45 and Elizabeth Engine 45.

2. THE CITY

- A. The City shall provide, under the auspices, supervision, and direction of the New Carlisle Fire Division, emergency service providers who have been properly trained and certified in the delivery of emergency medical services and fire suppression.
- B. A minimum of two staff members, one of which will be a paramedic (if available), will be stationed at Elizabeth Township whenever the City of New Carlisle/EMS Division has enough remaining personnel to fully staff the City of New Carlisle. If there is no staffing available for the Elizabeth Township Station, then calls will be answered from the City of New Carlisle.
- C. During the terms of this Agreement, the City of New Carlisle shall assume the position of Principle Service Provider for Elizabeth Township. As such, the City of New Carlisle is granted Authority Having Jurisdictions (AHJ) rights for code enforcement, investigation, and incident management.

D. The recent implementation of computer aided dispatch allows Elizabeth Township to be broken into response zones for better service. Consequently, response zones and alarm card assignments will be used by the City of New Carlisle for various emergencies within Elizabeth Township.

3. PROGRAM EXPENSE

A. The cost for the <u>first year</u> of service (April 1, 2022 – March 31, 2023) shall be \$350,000. The Township shall compensate the City, on a quarterly basis, \$87,500. The city shall invoice Elizabeth Township, and Elizabeth Township shall promptly pay any such invoice with such payment being made no later than the start of the relevant quarter. The City shall retain and receipt all medical billing compensation.

The cost for the <u>second year</u> of service (April 1, 2023 – March 31, 2024) shall be \$390,000. The Township shall compensate the City, on a quarterly basis, \$97,500. The city shall invoice Elizabeth Township, and Elizabeth Township shall promptly pay any such invoice with such payment being made no later than the start of the relevant quarter. The City shall retain and receipt all medical billing compensation.

The cost for the <u>third year</u> of service (April 1, 2024 – March 31, 2025) shall be \$390,000. The Township shall compensate the City, on a quarterly basis, \$97,500. The city shall invoice Elizabeth Township, and Elizabeth Township shall promptly pay any such invoice with such payment being made no later than the start of the relevant quarter. The City shall retain and receipt all medical billing compensation.

- B. All other costs and expenses incident to the program incurred because of continuing operations shall be paid by the Township upon receipt of proper invoices and/or supporting documentation.
- C. The City agrees to maintain adequate public liability insurance covering its operations under this Agreement, with the Township to be included as an additional insured, and to provide proof thereof to the Township upon request.

4. TERM OF AGREEMENT

The term of this Agreement shall be three (3) years, beginning the 1st day of April 2022 and continuing until the 31st day of March 2025; provided however, that either party may terminate the same upon provision of twelve (12) months written notice to the opposite party.

5. NON-DISCRIMINATION

Both parties agree:

A. That, in the hiring of employees for the performance of work under this Agreement or in any subcontract, no contractor or subcontractor, by reason or race, color, religion, sex, age, disability, or military status as defined in section 4112.01 of the Ohio Revised Code, national origin or ancestry, shall discriminate against any citizen of this state in the employment of a person qualified and able to perform the work to which the agreement relates; and

B. That no contractor, subcontractor, or person acting on behalf of any contractor or subcontractor, in any manner, shall discriminate against, intimidate, or retaliate against any employee hired for the performance of work under the agreement on account of race, color, religion, sex, age, disability, or military status as defined in section 4112.01 of the Ohio Revised Code, national origin, or ancestry.

6. ETHICS LAW

By signing this Agreement, both parties certify that they are currently in compliance with and will continue to adhere to the requirements of the Ohio Ethics Law as provided by Ohio Revised Code Sections 102.03 and 102.04.

7. CIVIL RIGHTS

Both parties agree that in the performance of this agreement there shall be no discrimination against any client or any employee because of race, color, sex, religion, national origin, or any other factor specified in the Civil Rights Act of 1964 and subsequent amendments. Also included is the Americans with Disabilities Act. It is further agreed that both parties will fully comply with all applicable Federal and State laws regarding such discrimination and the right to and method of appeal will be made available to all persons served pursuant to the terms of this agreement.

8. <u>SEVERABILITY</u>

If any portion of this Agreement is found to be void, unenforceable, or against public policy, the remaining portions of this Agreement shall not be affected, and each term and provision of this Agreement shall be valid and enforced to the fullest extent permitted by law.

9. MISCELLANEOUS

- A. This Agreement constitutes the entire and integrated agreement between the parties relating to the subject matter of this Agreement and supersedes any prior agreements and arrangements written or oral, between the parties.
- B. This Agreement may be modified only by a written amendment signed by an authorized representative of each party.
- C. This Agreement shall not be construed to create a partnership between the parties hereto.
- D. Neither party shall assign, sublet, or transfer their interest in this Agreement without the express written consent of the other party.
- E. This Agreement may only be modified or amended by a written agreement between the parties.

IN WITNESS WHEREOF, the parties, pursuant to proper legislative authorization, have caused this Agreement to be exercised in their respective names and on their respective behalf by their duly constituted officers this day and year first written above.
