Board or Commission of interest: Social Services Commission

Why do you wish to serve on this Board or Commission?

I am eager to serve on the Social Services Committee because I have a deep and unwavering desire to support those in need within our community. My experience as a caregiver for my husband's father, who has alzheimer's, has been profoundly impactful. Witnessing the daily challenges faced by him and other vulnerable individuals has ignited a passion to advocate for and assist those who may not be able to help themselves. I am committed to ensuring that everyone has access to the resources and support they need to live with dignity and security. I am also inspired by the example of my grandmother who was a true pillar in her community and always gave back generously. Her selfless dedication to service instilled in me a sense of responsibility to contribute to the well being of others. I believe that her legacy of compassion and action should be carried forward, and I am determined to do my part. Furthermore, my involvement as Vice President of the Tecumseh Middle School PTO board has shown me the immense power of community engagement and the tangible impact that dedicated volunteers can make. This experience has not only motivated me to seek out additional opportunities to serve, but it has also reinforced my belief that collective action can create meaningful change. I am confident that the Social Services Committee would be an ideal platform for me to channel my passion, energy, and skills into making a positive and lasting difference in the lives of those who need it most. I am genuinely excited about the opportunity to contribute my time and efforts to this important cause.

Board or Commission of interest: SOCIAL SERVICES Commission

Why do you wish to serve on this Board or Commission?

New Carlisle is a rural, isolated community that has many senior residents. We have no public transportation. We are a food desert. These facts and more create many challenges to all residents, especially immigrants, seniors, and the homeless. Church membership has fallen off and youth struggle with chronic health issues. I bring a background in psychology, rehabilitation and have been an active volunteer with the Red Cross in child care + international travel to Nigeria + Haiti, since retiring in 2014 as an AF Contracting Officer. Life experiences shape our ability to vision a future of New Carlisle "neighbor helping neighbor". I have been writing grants for the past 12 years and am a researcher to find useful information to this Commission. Working together the Commission can help the vulnerable thrive in N.C.

Board or Commission of interest: Social Service

Why do you wish to serve on this Board or Commission?

For the true definition of Neighbor helping
Neighbor. In the beginning of Bible Cain
came back to comfort God saying "Am I my
brother's keeper." The answer is yes,
we are to help each other. This Commission
purpose as I understand it to help citizens
that can not help themselves. If I can
put joy into their life by doing, calling and
listening then I have been a help by
helping my neighbor.

Board or Commission of interest: Social Service Commission

Why do you wish to serve on this Board or Commission?

Thank you for considering my application for this commission. I am excited to be applying to help neighbors help neighbors.

The need for a team of motivated and competent individuals to address the temporal and spiritual needs of those in crisis living in New Carlisle has been made clear by our first responders and city manager.

I wish to serve on this team to offer my time and experience to those neighbors of mine that are most in need. Drawing on my experience as an international missionary and owner-operator of a home remodeling and renovation company I will compassionately and systematically alleviate and demonstrate the value in all of the pain and suffering I encounter.

If selected I will be a catalysing agent to synergize the efforts existing within New Carlisle so that the team can quickly begin to make lasting change for the citizens we meet.

Ultimately I wish to join the team to help those who we serve to understand that especially in their profound suffering they can draw out deep meaning and see growth in their life. "You did it to me."

Michael Barclay

Board or Commission of interest: the New Strategic Social Services Commission

Why do you wish to serve on this Board or Commission?

I have a huge desire in my heart to help significantly improve our community. I absolutely love New Carlisle. I want to help transform our community by fostering a model where local resources, both already existing & those as a team ^{we} create/adopt & localize, are maximized and accessible to every individual within our city. We have a great need for localized essential resources that are not only needing to be widely promoted but also those that allows equitable access for all residents. I would love to serve on this commission to both, use my skills, knowledge, ^{experience, trials, lessons, & more} gifts that I've gained through that would be greatly utilized in this capacity and also gain experience, wisdom, & insight that will better help our community through my own degree of social work I am now studying @ Grand Canyon University.
